

Beverley Community Lift wins £60k bus

Jim Whitfield, Mayor of Beverley, Chris Gilbert from Unwin and Marion Frith, Market Weighton's Mayor

"We are absolutely thrilled to have won this fantastic minibus. It will allow us to widen the scope of our activities into new areas, meaning more people will benefit from the services we can offer."

– Trish Altoft, Chairman of Beverley Community Lift

To coincide with their 50th anniversary Unwin safety systems decided to run a competition, the prize being an accessible state-of-the-art minibus. Out of 350 entrants BCL came tops. The judges said that they were a 'dedicated team providing an invaluable service to the local community and an organisation which would benefit immensely by the addition of a new vehicle'.

Beverley Community Lift is a community based organisation with 35 years of service to the local community offering voluntary transport services in Beverley and surrounding towns and villages. Visit www.bclift.karoo.net
